SUMMARY

Software Developer skilled in TypeScript with PostgreSQL, Redis, Docker and WebSockets. Strong interest in high-throughput pipelines, caching, distributed systems and system design.

SKILLS

Languages : JavaScript, Typescript, Golang, SQL
Framework : Node.js, React.js, Next.js, Express.js, Gin
Database : PostgreSQL, MongoDB, Redis, qdrant (vector db)
Tools : Git, Github, Docker, Figma, VScode, Github action, AWS,

EXPERIENCE

Buddhicintaka Pvt Ltd

Nov 2025 – Present

Software Engineer

Remote, India

- Built a custom **Editor.js code block plugin**, improving syntax highlighting and code readability for end users.
- Built an end-to-end, timezone-aware blog scheduler with automated retries, eliminating manual publishing intervention.
- Engineered a user activity tracking pipeline with Elasticsearch, enabling observability, debugging, and product analytics.
- **Tech stack**: Go, Next.js, RabbitMQ Elasticsearch, PostgreSQL, Docker VPS, Git, CI/CD

Advayu

Sep, 2024 – Oct, 2025

Software Engineer

Remote, India

- **Led frontend development** of a multi-outlet offer management dashboard with **geographical analytics** and brand insights.
- Designed **idempotent, production-ready** coupon APIs, preventing duplicate redemptions under **concurrent load**.
- Deployed coupon redemption service on **AWS Lambda**, enabling auto scaling and cost efficiency.
- **Tech stack**: Node.js, Next.js, PostgreSQL, AWS

PROJECTS

NeuraMemory

- Built, a cross-AI memory platform enabling persistent **context sharing** and seamless model switching using **MCP**
- Implemented conflict resolution **logic to detect, merge, and remove inconsistent memories** across distributed context.
- **Tech stack**: Node.js, React.js, qdrant (vector db), MCP, Docker, GCP, CI/CD.

Real time trading web app

- Built a **real-time trading platform** using **React, TypeScript, Express**, and **MongoDB** with live market data streaming and high-frequency UI updates.
- Implemented **Redis**-based caching, rate limiting, and optimized rendering pipelines to ensure responsive performance under frequent stock price updates.

EDUCATION

Anugrah Narayan College

July, 2021 – April 2024

Bachelor of Science in Information Technology

Patna, India
